

REMARKS

Claims 1-7 are pending. Claims 1-2 have been further amended to correct inadvertent errors introduced by virtue of the Amendment filed on December 28, 2005. No new matter is added by virtue of the within amendments; support therefore can be found throughout the specification and the original claims.

In particular, as part of the claim amendments proposed to claim 1 in the Amendment filed on December 28, 2005, the term "amino" was replaced with "alkoxycarbonyl" in the definition of formula (I); and the term "amino" was introduced in the definition of formula (IV). Each of these amendments was unintended and they have been corrected by the within Supplemental Amendment.

Likewise, as part of the claim amendments proposed to claim 2 in the Amendment filed on December 28, 2005, the term "alkoxycarbonylamino" was replaced with "alkoxycarbonyl" in the definition of formula (II). This amendment also was unintended and the recited language has been corrected by the within Supplemental Amendment.

In view of the above amendments and the earlier filed Amendment on December 28, 2005, Applicant believes the pending application is in condition for allowance.

Dated: January 12, 2006

Respectfully submitted,

By Christine C. O'Day
